Price overview for software modules

In the following you will find the price list for the software modules. The prices listed are net prices and are plus the official value added tax (and possibly arising custom duties).

The prices are subject to the usual market fluctuations and may well move up or down, which means that the mentioned prices then cease to be valid. The valid prices are the ones effective at the time of order.

This price list ceases to be valid when a new price list is published.

Description			Net price €
Pos. 1	Item-No.: ED-P Bge	Speed over time with basis version, german	8.300,00
Pos. 2	Item-No.: ED-P Ben	Speed over time with basis version, english	8.300,00
Pos. 3	Item-No.: ED-P alt-lin	Software module altitude profile, interpolated linear	2.340,00
Pos. 4	Item-No.: ED-P alt-spl	Software module altitude profile, interpolated by spline of 3 rd order	2.340,00
Pos. 5	Item-No.: ED-P inc	2D inclination profile	490,00
Pos. 6	Item-No.: ED-P rsim	3D road simulation	5.090,00
Pos. 7	Item-No.: ED-P pdri	Pass driving with variable speed	490,00
Pos. 8	Item-No.: ED-P mvd	Measurement value display	490,00
Pos. 9	Item-No.: ED-P GPS	GPS recorder – train your drivers aid	4.380,00
Pos. 10	Item-No.: ED-P GPcon	Software module GPS converter for the creation of profile files from GPS-based NMEA-log files	749,00
Pos. 11	Item-No.: ED-P xls	Software module Log converter to Excel	490,00
Pos. 12	Item-No.: ED-P RDC	Software module Remote Dyno Control	2.990,00
Pos. 13	Item-No.: ED-P RCL	Software module robot control	2.490,00
Pos. 14	Item-No.: ED-P XPd	Operating system Windows XP Professional German	181,00
Pos. 15	Item-No.: ED-P XPe	Operating system Windows XP Professional English	186,00

We will be glad to offer you also special solutions for your application on the chassis dynamometer. Please feel free to ask us for the solution you needed, e.g. for the representation of environmental data from your system.
